THIS IS UNEVALUATED INFORMATION

SOURCE

50X1

There were installations under construction in Bechovice ^N 50-05, E 14-377 and in Prague-Vokovice in the , which belonged to the Research Institute for Strong Current Electro-technics (Vyzkumny ustav silnoprude elektrotechniky). I do not know when this construction began. The Bechovice installations included a department for testing short circuits in transformers.
